Teachers are well underway writing reports for students. These will be sent home in the last week of term. Three way conferences were a valuable time to meet with your child's teacher to discuss their progress at school. If you did not manage to see your child's teacher then please contact them to arrange a suitable time, they will be very happy to meet with you.

### STAFFING

At the end of this term we say farewell to Miss Robyn Bullough in Room 9, who leaves Bailey Road School to work closer to her home and to continue her studies. We welcome Ms Carla Wintle who will be the teacher Room 9 for the remainder of the year.

### ENVIRO NEWS

Being a part of the Enviro Warriors I am able to contribute to the sharing table by bringing organic avocados grown at home and organic oranges grown at my Grandma's. I feel good when my class takes home free food that is grown locally and that is healthy.

I took the taro leaves from school for my Grandma because she needed to make Lusipi for Sunday lunch. She did not have enough. I felt great because I was able to provide for her. I am a little sad that parents were not taking the fruit and vegetables from the Sharing Table that have been grown with love and care so this Friday please come along to Assembly and help yourself. You could also bring something to share.

### TEACHERS PAID UNION MEETING

NZEI Paid Union Meeting is being held on **Wednesday 27 June** to discuss important issues affecting education. A notice will go home today for you to complete and send back to school, by this Friday about your plans for your child that day. Regular programmes will be running in the morning, however, this will not be the case for the afternoon as many teachers will attend this meeting.

Rata - Rooms 2, 3, 4, 5, 6	Karaka - Rooms 7, 8, 9, 20, 21
<p>Rata are really enjoying learning about Captain James Cook and his journey to New Zealand on The Endeavour. The children are asking lots of interesting questions about the journey, the boat and what New Zealand was like 250 years ago. The children in Room 4 made some brilliant models of The Endeavour. We are learning to talk about the different parts of the boat and name lots of different boats. We are comparing how old and new boats are different.</p>	<p><b>Elephants</b> Do you know what is the largest land animal in the world? The elephant is! Elephants are sensitive animals. They make sure to save and protect each other as well as their very special trunks. Elephants are known for their long trunks, that act as a nose, as well as an arm. They can lift and move things with their amazing trunks. Elephants come from Africa and Asia. The African Elephant is bigger than the Asian Elephant. African Elephants also have bigger ears and the Asian Elephants have smaller ears. If you want to see the incredible elephants, go to Africa or Asia!</p> <p style="text-align: right;">By Moeaki, Year 3, Room 8</p>
