Welcome back to school for another exciting term of learning. We begin this week with events across the school to launch our Curiosity, Purpose & Wonder (CPW) 'Abundance'. Our question is 'How can we create lasting messages about conservation?'. Every class will be going on a trip connected to this conservation focus and we look forward to having you come along and be part of our learning too.

In the last week of term we will be holding our much loved Cultural Festival which for 2018 will be named 'Shake it up'. Every student will participate in learning a dance over the term. These across school practices take place every Friday afternoon so it is important that your child is here. More information about the event and how to purchase tickets will be in this newsletter closer to the time.

Welcome back to Term 3. What a great team we have planned for our Rata children. This Friday is our **LIVING THINGS DRESS UP DAY**. Please make sure your child dresses up as some type of living thing. We have got lots of exciting things planned for this day. You are more than welcome to come in to view the costumes in the morning as we do Jump Jam.

Karaka - Rooms 7, 8, 9, 20, 21

This term we are all very excited to be engaging in our CPW focus, Abundance. We are exploring the question, "How can we create lasting messages about conservation?" This Friday our team will be coming together and choosing different investigations to be a part of. Children can choose to look at water usage, an insect and minibeast search, plant identification, bird watching and leaf gathering and comparisons. You can help your child at home by talking to them about different flora and fauna you see around home and in your wider community and by answering questions they think of during our CPW focus.

Rimu - Rooms 10, 11, 12, 14, 15

The Rimu team are looking forward to their trip to Te Tuhi Art Gallery in Pakuranga as part of our hook in for the CPW focus 'Abundance'.
