## TERM DATES 2023

Welcome to Term Two, we hope you had a relaxing holiday and did not overindulge in too much chocolate! While we were on holiday, Mr Talo and Mr Flashman worked hard – mowing lawns, weeding, painting and fixing. Our school is looking beautiful – especially after the completion of stage 1 of the Junior Playground – our awesome spinner arrived today. The next part will be the laying of the turf across the large concrete area, we are hoping this will happen before the end of the term.

## A word from the Principal - Mr Kelly

Kia ora koutou,

Welcome back to a new school term. I hope that everyone has enjoyed some time with their children and that our tamariki are refreshed and ready for a term of learning.

I wanted to write about something that has been in the news recently, the increased student ratios for ākonga from year 4 to year 8. Currently these classes are staffed at 29 students to one teacher and the government has committed to staffing at 28.5 students from next year and 28 students at the beginning of 2025.

This does not mean that our classes will be of this size. The figures the government has shared are funding ratios. If, for example, we have 90 students to place we would make three classes of 30, because if we made three classes of 29, we would have three children left over. Having to employ an extra teacher for those three children is not funded.

What a school typically does, as do we, is try to keep class sizes a little above the funded ratios and then we are able to use the partial funding that each extra student generates to pool together and provide a teacher outside of the classroom to provide things like literacy support or Reading Recovery, as we do this year with Mrs Coxhead and Mrs Moodley.

I am happy to announce that stage one of our junior playground has now been completed with the installation of the climbing/spinning structure. We will be preparing for stage two to get underway as soon as possible. Please pop down and have a look if you get the chance.
